Dear Dan,

W.I.N.T.E.R. is celebrating 20-years of forging a path for women in Los Angeles and throughout Southern California into the types of high-paying construction jobs traditionally taken on by men. Whether its ironworking, operating heavy equipment, pouring concrete in bridge columns, metalworking or any other task you'll find on a

work site, W.I.N.T.E.R.'s message to women is clear: Women are needed in these careers, they're wanted, and they're just as capable as men are.

Our Rosie the Riveter Youth Program also benefits from receiving a pre-apprenticeship and High School diploma to join registered apprenticeships and securing a productive future.

To continue being the local leader in giving women and youth access to trade apprenticeships we need your help! Your support will help us continue to provide pre-apprenticeship training to women & youth and create a work and skill ready pipeline to drive the cultural shift that will ensure gender inclusivity, because a good worker is a good worker, regardless of gender or age.

You are cordially invited to join hands with us! As a person committed to ending poverty and supporting Los Angeles Women, you are definitely an ideal partner for us in this venture.
